

2017 LEE TENG UNDERGRADUATE INTERNSHIP IN ACCELERATOR SCIENCE & ENGINEERING

The Lee Teng Internship is an exciting education and research opportunity, open to select students from U.S. universities who have just completed their junior year* in physics, engineering, or computer science.

**Outstanding sophomores may also be considered.*

The internship is a ten week summer program in which each student will work closely with a mentor from the Fermi National Accelerator Laboratory or Argonne National Laboratory, near Chicago, Illinois. Scholars will receive generous stipends, as well as travel and lodging allowances. In addition, the program includes a full scholarship to attend the two week U.S. Particle Accelerator School, which will be held in Lisle, IL, sponsored by Northern Illinois University.
